**EXAMINER'S AMENDMENT**

1. The after-final amendment received on 10-16-2006 has been entered. The replacement drawing sheet, namely Figs. 3-5, received on 09-11-2006 has been approved by the examiner.
2. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 10-20-2006, Mark Tidwell requested an extension of time for a response within the THIRD MONTH and authorized the Director to charge Deposit Account No. 10-0096 the required fee of \$390 (\$510 third month extension - \$120 previously paid extensions) and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

*In the claims:*

Claim 22, line 3, before "panels" insert --said--;

Claim 22, line 4, delete "the";

Claim 22, line 6, change "applied" to --secured-- and change "the" to --a--; and

Claim 22, line 8, change "binder" to --glue--.

3. The following is an examiner's statement of reasons for allowance: Regarding claim 22, and as accurately argued by the applicant,

“...McLaurin does not teach a veneer with pinholes as previously asserted by the Examiner, but rather teaches a temporary, removable tape 3 (as opposed to veneer 4) with pinholes. 7. (Applicant notes that none of the actual veneer sections 4 of McLaurin show pinholes 7.) The tape structure of McLaurin cannot be equated to the veneer with pinholes as set forth in applicant's claim. For this reason, McLaurin should be withdrawn as a reference.”

Thus, the prior art of record fails to disclose or suggest the casket assembly as claimed in detail, specifically wherein the veneer is secured to the composite panel via a plurality of pinholes in the veneer, wherein the pinholes permit steam to penetrate the veneer to activate a glue to secure the veneer to the composite panel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

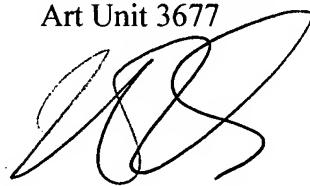

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William L. Miller whose telephone number is (571) 272-7068. The examiner can normally be reached on Tuesday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, J. J. Swann can be reached on (571) 272-7075. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
